

Welcome to Python Live Chat App!

Before using this application, please read the following carefully:

## 1. File Upload Rules

Maximum file upload size: 100 MB

Allowed file types: 'txt', 'pdf', 'png', 'jpg', 'jpeg', 'gif', 'webp', 'mp4', 'mp3', 'wav', 'ogg', 'zip', 'rar'

Files larger than 100 MB will be rejected automatically

Unsupported file types cannot be uploaded

## 2. File Storage & Persistence

Uploaded files are stored temporarily on the server

Files will be deleted on server restart or redeploy

Do not rely on this app for permanent storage of important data

The server ends when the host refreshes or all the active members left

The server does not store any memory so no chats can be recovered once lost

## 3. User Responsibility

Only upload legal, safe, and non-copyrighted content

Do not upload malware, offensive, or sensitive information

The app owner is not responsible for user-uploaded content

## 4. Performance & Limits

Large files may take longer to upload

Rendering of videos or large files may be slow on low-bandwidth connections

Maximum safe upload size is 100 MB; attempting larger files may fail

## 5. Privacy & Security

Chat messages and files are not encrypted

Avoid sharing sensitive personal information

The app is intended for educational or personal use only

## 6. Usage Instructions

Enter your name and room code to join a chat room

Use the message box to send text messages

Use the Upload File button to share supported files

Click Download to retrieve files shared by others

Use the Delete button to remove your own messages or files

## 7. Acceptance

By clicking "I Agree", you confirm that you:

Have read and understood this disclaimer

Accept the file size and type limitations

Agree to use the app responsibly

Thank you for using Python Live Chat App!

Enjoy safe and responsible chatting.
